

BACHELOR OF SCIENCE IN NURSING

Conditional Acceptance Student Nurse to BSN

WHY OUR PROGRAM?

The Conditional Acceptance option of the Bachelor of Science in Nursing (BSN) program at Thomas Edison State University (TESU) provides students the opportunity to start their BSN degree before taking the NCLEX-RN. We work individually with students in associate degree and diploma programs to maximize credit transfer. The curriculum includes a wide array of topics, including leadership in nursing, advanced health assessment and health policy. With highly interactive, asynchronous online group discussions, you will become part of a community of learners where experiences are shared and learning is enhanced.

DEGREE/PROGRAM ACCREDITATIONS:

The baccalaureate degree program in nursing, master's degree program in nursing and Doctor of Nursing Practice program at TESU are accredited by the Commission on Collegiate Nursing Education.

The baccalaureate degree program in nursing is also accredited by the New Jersey Board of Nursing.

DEEPEN YOUR IMPACT ON THE HEALTHCARE COMMUNITY

The Bachelor of Science in Nursing (BSN) degree program is designed for students who are currently seeking to immediately transition into a BSN program and would like a quality education with built-in convenience and flexibility. To give you a head start in earning your degree, you can transfer up to 90 credits from a community college and apply them to your BSN degree. With our Conditional Acceptance option you will then have one year to take NCLEX-RN. Once you successfully pass this exam, you will be fully admitted into the BSN program and will be one step closer to earning your degree.

PROGRAM ADVANTAGES

- ▶ Up to 90 credits from a community college may be transferred and applied to your BSN degree
